## SUMMARY

Full-stack web developer with experience untangling problems and developing efficient systems and tools for programs and teams in the private and non-profit sectors. I want to collaborate with a driven team to craft innovative tools that offer a host of solutions to the complexities of everyday life.

## SKILLS

**FRONT-END WEB DEVELOPMENT:** React, JavaScript, JQuery, ES6, CSS, HTML  
**BACK-END WEB DEVELOPMENT:** PostgreSQL, Node.js, Python, Django, MongoDB

## EMPLOYMENT

**General Assembly** Seattle, Washington  
Full-Stack Web Developer Nov 2017 to Current  
12-week immersive full-stack web development training with 480 hours of instruction  
Completed four projects drawing on RESTful APIs and technologies that include React, MongoDB, PostgreSQL, Node.js, JQuery, Python, JavaScript, HTML and CSS  
Worked with cross-functional teams of developers and designers to bring week-long and quick turnaround projects to fruition

**Tilth Alliance (Seattle Tilth)** Seattle, Washington  
Director, Community Education and Environmental Programs Aug 2015 to Nov 2017  
Oversaw Tilth Alliance outreach and education programs on resource conservation, urban gardening and restoration  
Managed 11 person team and \$890K grant and contract portfolio that funded seven core programs  
Developed processes to track program deliverables, grant applications and reporting  
Built budget tracking systems in Excel to monitor program expenditures; and SharePoint metrics tracker to monitor program impact  
Led proposal strategy and client interview to secure 5-year \$2.2 million resource conservation contract with Seattle Public Utilities  
Member of leadership team focused on strategy, financial health and program direction

**EnviroIssues** Seattle, Washington  
Business Development Associate Apr 2013 to Aug 2015  
Managed business development and marketing team for community outreach consulting firm  
Led proposal teams and supported strategy and content to compete for public projects throughout the Pacific Northwest  
Created metrics dashboard and data analysis tools to better assess proposal trends and outcomes

**Basel Action Network** Seattle, Washington  
Research Intern Apr 2010 to Mar 2011  
Conducted research and drafted reports on the illegal trafficking of electronic waste  
Developed data calculator for app to measure environmental benefits of recycling electronics

**Management Systems International** Washington, DC  
Business Development Associate and Consultant Sep 2009 to Jul 2012, Aug 2007 to Aug 2009  
Coordinated proposal teams to compete for foreign aid projects up to \$21million across seven sectors  
Managed teams of mid and senior staff to capture technical proposal components within strict deadlines  
Provided budgetary, recruitment and report-writing support for complex international aid contracts

**The Umoja Centre** Arusha, Tanzania  
Strategy Design and Fundraising Officer Jan 2011 to Mar 2011  
Assisted in the research and writing of grant proposals for education and solar power programs  
Co-led design and implementation of a 30-day fundraising plan that raised nearly \$20,000

**ECC Foreign Language Institute** Tokyo, Japan  
English Teacher Aug 2009 to Aug 2010  
Taught conversational English for classes of up to 10 adults and 30 children
